**More than
20,000 people
in the
United States
commit suicide
every year...**

How many of these people could have been saved? By a friend. By someone who would listen, not judge.

The Samaritans are men and women who do just that. They devote a generous part of their time to heading off potential suicides. This is their story. How they came to be, and how they work.

Case histories are cited demonstrating the problems that lead to suicide, particularly depression and sexual frustration. Ways to help the desperate are explored by experts in the fields of psychology, psychiatry and the ministry.

An important, helpful book for everyone dealing with people who may be distressed and suicidal.

The Samaritans

To Help Those Tempted to Suicide or Despair
